

The Alliance of Maritime Regional Interests in Europe (AMRIE), within the context of the European project EMDI, invites you to a

Seminar on Maritime Safety for Fishermen

3rd / 4th April 2007 – Le Havre (France) – CCI du Havre

EMDI : *Espace Manche Development Initiative* is a project funded under the European Cooperation Programme INTERREG IIIB, North West Europe. Its overall aim is to foster and strengthen Franco-British cross-Channel co-operation. This project, led by French Region Upper-Normandy, is composed of 5 thematic working groups : fishing resources ; integrated coastal zone management ; tourism ; maritime safety and intermodality of transport ; higher education, R&D and transfer of technology. More on EMDI : <http://www.emdi.certic.unicaen.fr>

AMRIE : The *Alliance of Maritime Regional Interests in Europe* is an independent not-for-profit organisation and policy research institute whose objective is to develop and promote a European integrated maritime strategy. AMRIE operates as a network of members with maritime regional interests from around Europe (regional, local governments, ports, shipping companies, universities, consultancies, trade unions, ...), seeking to influence the policy development of the European Union. More on AMRIE : <http://www.amrie.org>

Contact :

AMRIE secretariat : info@amrie.org , tel: 0032 27361755, <http://www.amrie.org>
